PRESS RELEASE – Singapore Conference
Nautical Control Solutions and Can Traders & Services Host Seminar
on Marine Fuel Management in Conjunction with Sea Asia

Houston, TX - < 20 March 2007 > Nautical Control Solutions (NCS), the leading provider of Marine Fuel Management Systems, has signed an agreement with Can Traders & Services for representation and support in Southeast Asia. Can Traders & Services is an established company in Singapore offering Marine Communication and Navigation equipment in several Asia-Pacific countries. Can Traders & Services will now be representing, marketing and support the FuelTrax™ Suite in Southeast Asia.

FuelTrax (www.FuelTrax.com) combines state-of-the-art, vessel-based electronics with satellite communications and the power of the Internet to provide marine operators timely information on vessel fuel consumption, inventory, and logistics. Shore-based personnel can monitor vessel performance and analyze fuel related data and events, enabling optimum fleet performance, improved fuel economy, and reduced engine maintenance costs.

Coinciding with Sea Asia, a seminar entitled “Changing the Game in Marine Fuel Management” will be held in Singapore to introduce the FuelTrax Suite to marine operators in Southeast Asia. The Seminar will be held at the Pan Pacific Hotel, Ocean Room 11, Level 2, on April 4, 2007. Registration begins at 3:30 at the door, followed by a presentation given by Roger DeLaughter, Business Development Manager with Nautical Control Solutions. A cocktail reception will follow. Those interested in attending or receiving additional information may contact Mr. Tommy Tan, Manager, Can Traders & Services, on +65.6841.8338 (tommy@cantrade.com.sg) or Mr. Roger DeLaughter with NCS on +1.281.209.3900 (rdelaughter@fueltrax.com).

About Nautical Control Solutions, LP

Nautical Control Solutions was established to focus engineering talent and efforts on the development and production of the FuelTrax and FuelNet™ products. NCS provides automated control solutions specifically designed to optimize marine performance, and is continuing to develop and market complementary solutions to the FuelTrax Suite. Through its established relationships with leaders in the marine industries, NCS has gained extensive insight, knowledge and expertise to develop and produce innovative information and cost saving maritime management tools.
